

# The patience of Prophet Muhammad peace be upon him

So be patient, but you cannot be patient except with [the help of] Allah Surah Al-Nahl: 127

Prophet Muhammed (peace be upon him) faced harm with patience

Gustave Le Bon said, [Muhammed used to face harm and torture with patience...Muhammed dealt kindly and patiently with Quraish, who had been his enemy for twenty years.]

He also said, [If we measured the value of men from their noble actions, Muhammed would be one of the greatest ones who history has known. Western scholars told the truth about Muhammed, although religious prejudice blinded many historians' views so much that they did not recognize his noble qualities.]
